SITE RULES

These rules apply to all operatives, sub-contractors, and site visitors. They are mandatory and form part of the M V Kelly site induction.

Our goal: ***'Everyone goes home unharmed every day'***

KEY RULES

General

- Follow all Site Management instructions.
- Work only within agreed site hours.
- Sign in and out daily.
- Complete site induction and task briefings before starting work.
- Mobile phones for work use only during working hours and only used in safe areas.
- ***Don't Walk By*****:** Stop and report unsafe acts or conditions immediately.

PPE

- Wear standard PPE at all times and task-specific PPE as required.
- No hoodies or woolly hats under safety helmets.
- Sub-contractors must provide and enforce correct PPE.

Safety & Behaviour

- Follow approved Risk Assessments and Method Statements (RAMS).
- Follow your training and industry best practices.
- Always protect the public and the environment.
- Treat colleagues with respect – safety is about behaviour as well as rules.

Plant & Equipment

- Only trained, certified operators may use plant.
- Carry out checks and report defects immediately.
- Wear seat belts, use beacons, remove keys when unattended.
- No plant on stockpiles or spoil heaps.

Housekeeping

- Keep work areas clean and tidy.
- Store materials safely and keep roads and walkways clear.

Incidents

- Report all accidents, near misses, or unsafe conditions immediately.
- Accident/Incident hotline number is ***0121 708 5099***
- Anyone suspected of drugs or alcohol use will be removed from site.

Remember:

Follow your training and the safe systems of work, and if it's not safe — ***STOP, make it safe, and report it*****.**
